Early in September the entire staffs for the 1961 MIRROR were appointed, and the annual rooms became beehives of activity. Long hours were spent in writing and rewriting copy, editing pictures, and wasting time trying to locate materials. Homework went undone, and classes were missed; but finally with everyone's help the MIRROR was completed.

The legend of the Indians' using the waters of the Tombigbee to see their reflections was pieced together to establish the connection between the MIRROR and Indian names used by the school. Since 1922 the staff has attempted to give a representative reflection of one year's activities.

The aim of the 1961 edition has been to reflect Itawamba Junior College—its tradition, friendliness, and cooperation. Since every student has his own idea of what a yearbook should be, the MIRROR will not satisfy all. Yet, it is hoped that this edition will become a history for posterity and a treasured reflection for each of you.

In Memoriam

The 1961 MIRROR is dedicated to the memory of Philip A. Sheffield, a man who made Northeast Mississippi a better place in which to live because he passed this way.

Mr. Sheffield was one of the few men who may be called *great.* Service to others was a guiding principle in his life, and in many social, civic, and religious capacities, he abundantly rendered service.

Few educators have felt so keen a sense of dedication to the profession as did Mr. Sheffield. He was constantly considering and discussing ideas for improving education. To the building of Itawamba Junior College he dedicated his life and strength.

During his presidency, Philip A. Sheffield's life and the life of IJC became acutely entwined. Even the letters of Itawamba are reminders of some of Mr. Sheffield's many traits of excellent character.

I is for his integrity, a word as full of beautiful meaning as the life he lived before us.

T is for tact and truthfulness, two traits which he possessed in amounts that never ebbed, even in the most trying of situations.

A is for his ability, inherent, true, yet developed to the fullest. Ability that was great but made greater for having been shared with others.

W is for his wisdom Wisdom that never faltered that possessed more than enough strength to meet the many complex problems that he faced as our President.

A is for adaptability, a well developed and highly utilized trait which gave Mr. Sheffield a quiet serenity that was seldom outwardly ruffled.

M is for motive, motive fine and pure, ever directed toward that which would promote the welfare of others.

B is for belief, belief that he had in God and in others, especially young people. None, truly desiring an education, was ever turned away from the gates of IJC by Mr. Sheffield.

A is for achievement, achievement astoundingly great for a man who lived only a little more than half a century. IJC stands today as the most imposing and lasting memorial to his achievement.

The late President Philip A. Sheffield

The Dean's Message

The continued growth of Itawamba Junior College is evidence of the fact that there has been hard work done by devoted people working together. Without the cooperation and devotion of administration, faculty, student body and patrons this school could not have made the rapid progress it has.

To the student body, your spirit of cooperation and your loyalty to the school has been excellent. Student leadership has been outstanding not only this year but through years past. I hope you will continue to grow in wisdom and character and that you will dedicate your life's service to the society in which you live.

The staff of this 1961 edition of the *Mirror* is to be congratulated for a job well done. The recordings here will be treasured many years.

Sincerely,

James A. Thrash

The student body and faculty of this institution will appreciate the work you have done for years to come. As they turn through the *Mirror,* many memories of the successful year of 1960-61 will occur.

To the faculty, board of trustees, student body, and the people of this area, the administration will ever be grateful for your contributions to this successful year.

Sincerely yours,

The Faculty During Leisure Moments

Mrs. Weatherly enjoys a glass of punch at the Sweetheart Dance.

Mr. Wilson pauses to read the *Itawamba Times* before going to class.

All the faculty work hard to get a break for morning coffee and chatter.

To relax at the end of a hard day, Miss Miller writes a letter.

Mr. Young, Mrs. Coleman, and Mr. Nanney are serious, when considering finances.

FRESHMAN

A person wishing to enroll in the freshman class at Itawamba may do so by successfully passing the G E D Test, by presenting fifteen units earned in an accredited high school, or by taking a special entrance examination.

The normal load of work for a freshman is twelve to eighteen semester hours.

A freshman may begin preparation for his chosen vocation by selecting a course of study in the fields of Agriculture, Education, Home Economics, Engineering, and Music. Instruction in specialized fields such as Business Technology, Industrial Technology, Civil Technology, Medical Technology, Chemical Technology, and Nursing are also offered.

Freshmen are not so loaded with their scholastic work that they do not have time for some co-curricular activities as is reflected through the pages of the MIRROR.

ORGANI

The societies, organizations, and religious groups on the campus give each student an opportunity to participate in his chosen field outside the realm of the classroom.

In the clubs and organizations he gets a wider scope of his field of study, and he also finds entertainment to give him a balanced schedule. The religious groups give each student an opportunity for spiritual development and growth. Students in modern language and forensics have various opportunities to represent the school.

The MIRROR'S Hall of Fame

Phil Sheffield, Fulton, Mississippi; Joyce Harrell, Tremont, Mississippi; Joe Weil, Tupelo, Mississippi; and Frances West, Hamilton, Mississippi, were selected to the 1961 MIRROR's Hall of Fame. These students were chosen on the basis of scholarship, leadership, sense of responsibility, loyalty to school standards, participation in campus activities, and their general good attitude toward both other students and the college staff.

The Student Council

The Student Council of IJC is an active organization composed of a cross-section of the student body. Each spring the students elect the Student Council President and Vice-President, and when the fall session gets underway three representatives from the sophomore and three representatives from the freshman class are chosen to complete the council membership.

This campus group endeavors to provide students with a wholesome and desirable program of events. They plan social activities to make life at IJC more enjoyable and interesting.

In the sections of the MIRROR are reflected results of many Student Council sponsored activities such as homecoming festivities and various campus elections.

Staff Planning Best Annual Ever At IJC

The Mirror Staff is working hard to try to make this year’s annual one of the best in recent years, according to Editor Ruth Nichols of Houston.

Miss Nichols stated that we are a little behind schedule, but with the help of the people working on the staff we should be ahead by the second semester.

One of the features of the Mirror is the IJC Hall of Fame The selection of the person or persons to receive this honor will be made after the first semester.

The second shipment will be mailed Friday, and the final shipment will be mailed February 20, Miss Ray stated. She said she is pleased with the work of the staff and all deadlines have been made.

Sweetheart Dance

Jeanie Norwood's cordial greeting and radiant smile scored important points toward her winning IJC's two most coveted titles. The student body expressed their admiration for this charming blonde from Bruce when they chose her as the sophomore who would officially represent them and the faculty as Miss IJC of 1961. Jeanie was also selected by the student body to reign as Homecoming Queen.

In addition to having maintained an enviable scholastic record, Jeanie participated in varied campus activities. She was active in Delta Psi Omega and Phi Beta Lambda. During her sophomore year Jeanie served her class as secretary. In both her freshman and sophomore years she was a member of the BSU and the Student Council.

Jeanie loves to dance, swim, read mysteries, and play basketball.
Her efficiency as assistant in the Registrar's office has proved that she wisely chose her major, business.

Larry Lott's 1955 Mercury affords much pleasure for his leisure moments. Without his faithful car Larry would not be able to officiate at area basketball games, nor would he be able to play with the independent teams.

During his two years at IJC, Larry has given ardent support to athletics. As an end he was an asset to the football squad.

Larry's interests do not end with the classroom sessions and athletics. He is an active member of Delta Psi Omega and Vice-President of the local Wesley Foundation. He is also a member of the IJC chapter of Future Teachers of America and the annual staff.

Larry's genuine interest in people, his friendly disposition, and his deep sense of responsibility inspired the Student Body to honor the sophomore from Brownsville, Tennessee, with the title, Mr. IJC of 1961.
